### Gambler Red Men Enjoy a Dance

The Gambler Red Men held a dance at their hall in Gambler on Thursday evening. About thirty couples were present during the evening to dance to the music furnished by a Gambler orchestra.

In the court of common pleas at Newark Thursday afternoon the trial of the case of William Grassbaugh vs. The Ohio Electric Railway company was concluded, resulting in the jury returning a verdict for \$5,000 in favor of Mr. Grassbaugh.

Mr. Grassbaugh is a citizen of Danville, Knox county. On Oct. 17, 1908, at Urbana, O., he was run into by a car of the Ohio Electric Railway company, and received very serious injuries, and as a result he was confined in a hospital at Urbana for five weeks. He brought suit for damages against the Ohio Electric Railway company in Licking county, it being the nearest point where he could get service on the company.

The trial of the case consumed two days' time, and was hotly contested by the attorneys, Messrs. Wright & Moore of this city and Mr. T. B. Fulton of Newark representing Mr. Grassbaugh, while Mr. Jas. R. Fitzgibbons of Newark appeared for the electric company.

The verdict of \$5,000 returned by the jury was one of the largest ever returned by a jury in Licking county in a personal injury case.

Norfolk, Va., Feb. 17—General Jacob S. Coxey of Coxey's army fame, whose home is at Massillon, O., was made one of several defendants here today to an action which resulted in the appointment of Peter Wright of Norfolk as temporary receiver of the affairs of the Old Dominion Chemical Company, incorporated, promoted by General Coxey and others for the purpose of fighting the alleged Paris Green Trust.

According to the allegations of the bill, the stock distribution and consequent financial status of the corporation was not found to be in an entirely satisfactory condition.

Mr. William Frost, residing on West High street, met with a rather expensive accident while riding in his auto mobile on Thursday evening at about 8:30 o'clock. He was driving the car west on West High street at fairly good speed when for some reason he desired to stop suddenly. He attempted to throw the throttle but discovered that it had caught in the rubber mat-

ting on the floor of the car. In order to stop suddenly, he threw on the emergency brake, an act which resulted in the machine turning completely around in the street and striking against the curb stone and a tree at the opposite side of the street. The rear right wheel was demolished and the axle badly bent. In addition to this, the body of the car was scratched and badly damaged. Fortunately no one was injured as a result of the accident.

(Wooster News)  
Mayor W. E. Peeman Thursday morning assessed a fine of \$100 and costs each upon J. Boyer Lytle and Harry Lytle, of Frederickburg, after he found them guilty, Wednesday evening, of keeping a place where intoxicating liquor was sold. George Lytle was discharged, the court holding that the evidence against him was insufficient.

There was a stirring scene enacted in the presence of a few people in the mayor's office Thursday morning when Attorney A. D. Metz, arguing the motion for arrest of judgment, questioned the advisability of Rev. J. S. Elliot to file an affidavit against a fellow citizen when he was unable himself, to give any evidence in the case. Mr. Metz stated very emphatically that he did not think it the duty of a minister to do work of this kind.

"I am a Methodist myself, and I don't think a pastor has any business to take up a thing of this kind. If he could have produced the testimony of Frederickburg people, it would have been different, but all he had was the testimony of hired witnesses. I said nothing about this in arguing the case, and I am free to express my opinion. I say, it's a disgrace, and an outrage and I cry shame upon the minister who will do a thing like this."

When Mr. Metz had finished speaking Rev. Elliot, who was in the court room, made a few remarks. He stated

that he did not think the court room a proper place to argue this question. "I have made a study of the duties of a minister. Just as close a study of it as Mr. Metz has made of the law, and it is my duty to do as I have done. I don't think though, that this is the place to argue this matter."

"Sail in, sail in," Mr. Metz interrupted. "Mr. Elliot is an American citizen, and as such he has a perfect right to file an affidavit," the mayor said. The words were stopped then and there but it attracted much attention while it was going on.

Mayor Freeman then imposed the sentence. "I would very much like to have pronounced these men innocent and discharged them," he said, "but their own testimony demonstrated, in my opinion, that they kept a place where liquor was sold."

Attorney Metz in his argument on the arrest of judgment declared that the men were convicted under another statute than the one under which they were arrested. The mayor held that the statute covered the case. Sentence was imposed under the statute governing the duties of a druggist.

Mayor Freeman both scored and complimented Attorney Metz for his work during the trial. He stated that in the future the court would not permit any attorney to go through the crowd in the court room and make remarks about the case. The mayor, however, paid Mr. Metz a high compliment for his fight-to-the-end spirit. "Mr. Metz and I differ in our opinion of this case, but we have always been friends and will be in the future as far as I am concerned. I am sure that if I was a client I would want an attorney like him, for he has certainly demonstrated that he is true to his clients. He has tried earnestly, as every lawyer should do, to win this case."

Your correspondent had the pleasure Thursday morning of meeting and talking with the Rev. E. E. Haskins of Granville, who is deeply interested in the plans that are being made for the holding of the next Baptist Assembly at Summerland Beach. Mr. Haskins says that plans are already being made, and that considerable building and many improvements are to be made there this spring. He also said that nearly all the right of way for the traction line between Summerland Beach and Lancaster via Pleasantville had been secured and that the road would be finished as rapidly as possible. Mr. Haskins, himself, has been very active in securing the rights for the road.—Granville correspondent to Newark Advocate.

Mr. Carl Masteller sustained a very painful injury while playing basketball at the Y. M. C. A. building on Thursday evening. He was playing in company with a number of others and in one of the melees that are so common in a basketball game, he received a heavy blow against the right cheek, inflicting a deep gash. The blow was accidental and no one seemed to know exactly how it occurred. Dr. C. K. Conard rendered surgical attention.

### PROGRESS IN SENTIMENT

The feminine mind quickly arrives at comprehension of sentimentality.

The other day a teacher asked her class of little girls why it would be more correct to say "you like a tomato" rather than that you love a tomato, and one little girl answered "that it was because you could not hug a tomato." The perception of girls, thus shown to be precocious, since we have lately had news bearing on this point that concerns Archie, the young son of a prominent Brooklyn suffragist, who had shown pronounced predilection for a wee girl neighbor, who lapsed terribly. His mother tried to interest Archie in Annette, the daughter of another suffragist, but Archie with fine scorn repudiated Annette, in favor of the first maiden, because he said, "I know she can't talk so cute like Annette, but you can just bet, mother, that she can kiss a whole lot better." And there are people who say that the world lags in progress.
